Dear Mr Bakondi,

Allow me to thank you for your fast and efficient response to our request for assistance concerning the serious flood situation in Croatia.

The sandbags you have sent arrived timely and we managed to deliver the assistance to the flood stricken areas in Zagrebačka County and Sisačko - moslavačka County.

This is the prime example of excellent bilateral cooperation that we are building together and one of the reasons to cooperate even closely and diligently and strengthen the effectiveness of the regional cooperation in the field of civil protection.

Yours sincerely,

DIRECTOR GENERAL
Jadran Perić, Ph. D.
