Subject: Letter of gratitude for assistance provided to the Republic of
Slovenia during sleet disaster, February 2014

Dear Mr. Bakondi,

In February 2014 heavy sleet has affected almost entire Slovenia and has left more than 100.000 homes without electric supplies, seriously disrupted traffic and devastated Slovenian forests. Due to the large-scale emergency Slovenia requested international assistance through the EU Civil Protection Mechanism.

Following our request your respective country has generously offered assistance with three high capacity generators. The support that National Directorate General for Disaster Management provided to the affected people during the sleet disaster contributed to the efforts to improve their living conditions in several locations in Slovenia.

On behalf of the Administration of the Republic of Slovenia for Civil Protection and Disaster Relief I would like to express my most sincere gratitude to you and the National Directorate General for Disaster Management for the assistance provided to Slovenia during the sleet in February 2014. We see your response as a generous act of neighbourly solidarity, which will further strengthen our close bilateral cooperation.

Sincerely yours,

Darko But
Director General
